

StoreJet™ 2.5

First-class external storage

The all-new **StoreJet™ 2.5** from Transcend is a brighter, more colorful and better way to store, transfer and backup your important data and information.

The **StoreJet™ 2.5** comes in a range of vibrantly colored, slim aluminum cases that are lightweight and specially designed for convenience, ease of use and ultra-portability. An exciting new addition to the current **StoreJet™ 2.5** line is the high capacity 160GB model. Apart from looking great the **StoreJet™ 2.5** is a top performer and fully supports hi-speed USB 2.0 for the fastest data transfer speeds possible when connected to any desktop or notebook computer. The **StoreJet™ 2.5** also comes with user-friendly software that will take all the hassle out of your storing and backing-up your data. The StoreJet™ elite Software Pack includes intelligent data backup/restore, security, compression, power management and HDD lock features. You no longer have to be tied to your desk, or even to one computer because now you can take your data with you wherever you go. It is time to take control of your E-work and mobilize your data with the trendy **StoreJet™ 2.5**.

INCLUDED SOFTWARE // StoreJet™ elite

Backup

Important documents, folders, or even entire drives can be safely backed up whenever you want or automatically with advanced multiple task-scheduling functions.

Restore

Bring your damaged or accidentally deleted files back to life quickly and easily. Intelligent duplicate file name scanning keeps you from inadvertently overwriting newer versions.

Compression

Conserve precious disk space on your backup drive by using StoreJet elite's space-saving compression option.

Security

The StoreJet software offers powerful encryption for backing up sensitive information. Without your password, your backups will be impossible for unauthorized users to restore.

HDD Lock

Protect your portable drive with a secure password to prevent others from accessing your private data.

Power Management

This power-saving feature instructs the StoreJet elite to automatically enter standby mode whenever idle for a specific period of time.

OneTouch Backup

Press the "OneTouch Backup" button on the StoreJet™ 2.5 to automatically start selected backup tasks.

Key Selling Points

1

Eye-catching aluminum cases
